▼ Voting

2 passed

VOTE 1	2024 Proposed Budget	✓ Passed
VOTE 2	The Management Charge for the next calendar year	✓ Passed

▼ Actions

11 complete · 2 outstanding

Action 1	CMC to organise a survey of the communal areas in Spring 2024 to identify where maintenance is required	Complete
Action 2	CMC to investigate whether there are better savings accounts to move the sinking fund into	Complete
Action 3	Ian Woodland to send out a paper copy as a back-up of the bio filter invoice and post through doors where no electronic response has been received [No. 5, No.7, No. 8]	Outstanding
Action 4	CMC to send invoices to CMC members for the 2024 management charge by the end of December of the current year	Complete
Action 5	Ian Woodland to submit water consumption to Liscombe Park Ltd, discuss the water leak with them and issue invoices to CMC members	Complete
Action 6	Emily to organise repairs to the path which provides access to their garden	Complete
Action 7	Andy Kaye and Simon Fraser to jet wash the wooden bin store in the courtyard car park and Ian Woodland to then paint it	Complete
Action 8	CMC to arrange spraying of the common areas in the courtyard and car parks in Spring 2025	Outstanding
Action 9	CMC administration charges for property sales to increase to £200, and an extra £100 for each sale attempt after the third	Complete
Action 10	CMC members to use the sellers information pack including the Questions & Answers.pdf to address queries from potential buyers. The CMC will only answer questions relating to its role	Complete
Action 11	The users of the Farmhouse communal areas inside the Farmhouse are requested to take care to avoid marking the walls, and to not push the front door open/closed with their feet and also to arrange for more regular vacuuming and dusting	Complete

Action 12

Both smoke alarms to be tested in the Farmhouse foyer [ground and 1st floor] once a month and recorded on the sheet in the meter cupboard. This should be completed by the untenanted properties in the Farmhouse that access the communal foyer. The CMC directors will also assist

Complete

Action 13

Encourage residents to take more active role

MINUTES OF LAST MEETING

Ian Woodland reported that all the actions from the last meeting had been completed.

Ian Morrison asked if the finance data for 2022 would be made available. Ian replied that there is

a summary of the submission to Company's House in the resident's library for the previous

financial year [CMC Residents Library\CMC Finances\CMC Accounts\CMC Financial End of

Year Accounts 2021-06-01 to 2022-05-31.pdf].

2

FINANCE AND BUDGET REVIEW 2024

Ian Woodland presented the accounts circulated to CMC members in advance of the meeting. The biofilter costs were higher than forecasted due to vandalism to its control panel, replacement of pumps and energy costs.

These costs were covered by savings and sinking fund from 2022 and a refund from the power company after a reading was taken. Ian Morrison asked if it was possible to install a smart meter for the biofilter and lights but Ian Woodland replied that this was not feasible due to poor mobile phone reception in the Farmhouse

During 2023 Ian Morrison organised the paving of the Farmhouse bin store,

the fixing of three fence posts in the Farmhouse carpark and the painting of the Farmhouse front door and porch posts.

A Farmhouse skylight above No 14 was replaced to fix a leak (charged to the leaseholds, the next roof inspection will take place in 2025, as required for insurance purposes). Attendees agreed that in the Spring a survey of the site should be carried out to identify any maintenance issues, such as fence painting.

Those present discussed that the bank used by CMC is charging £60 annually to use its services. It was agreed that the sinking fund could be moved to a savings account.

Ian Woodland reported that at the beginning of December four CMC members had not fully paid their management charges and there were also outstanding payments for Farmhouse rent, Farmhouse insurance rent and outstanding payments for the replacement to the skylight by leaseholders. At the time of producing the AGM minutes, all outstanding payments of the management charge for 2023 have been received as have the majority of the Farmhouse rent, Farmhouse insurance rent and outstanding payments for the skylight. There are some outstanding payments by a CMC member but a payment schedule has been agreed with the directors with the balance to be cleared by March 2024.

Invoices for the cottages for their share of the 2022 bio filter costs have been sent electronically in December 2023.

ACTION 1	CMC to organise a survey of the communal areas in Spring 2024 to identify where maintenance is required	Complete
ACTION 2	CMC to investigate whether there are better savings accounts to move the sinking fund into	Complete
ACTION 3	Ian Woodland to send out a paper copy as a back-up of the bio filter invoice and post through doors where no electronic response has been received [No. 5, No.7, No. 8]	Outstanding

3

REVIEW AND AGREE BY VOTE BUDGET FOR 2024

Ian Woodland provided an outline of the proposed budget for 2024. The projected cost of electricity, public liability and house insurance were increased but the costs of general maintenance, professional fees, and community events will not change. Simon confirmed that he is happy to carry on with mowing the communal grass for the same cost, so that budget element also remains the same. As a result, it was proposed that the management charge should increase to £1,200 per annum due to increases in electricity, bio filter costs and also because the management charge has remained the static for several years.

Both the proposed budget and value of the management charge for 2024 [£1,200.00] were unanimously approved by those present. Leah Pozo's vote was included by proxy via Ian Woodland.

Ian Woodland reminded all of the Management Charge payment options:

- Payment in full by the end of January [£1,200.00]
- Payment by standing order over the full 12 months of the year [Monthly Standing Order of £100.00 for January 1st to December 1st inclusive]

ACTION 4	CMC to send invoices to CMC members for the 2024 management charge by the end of December of the current year	Complete
----------	---	----------

4

BIO-FILTER

This item was covered under 'Finance and Budget Review 2024'. The bio filter was fully serviced during 2023 and is currently operating correctly.

5 WATER BILLS

Ian Woodland informed attendees that Liscombe Park Ltd had not received invoices timely from Anglian Water and there has been a delay from CMC in reporting water consumption to Liscombe Park Ltd and issuing invoices to CMC members. It was noted that a small water leak persists in one of the water meters to the Farmhouse but since the leak is before the meter, it needs to be discussed with Liscombe Park Ltd.

ACTION 5 Ian Woodland to submit water consumption to Liscombe Park Ltd, discuss the water leak with them and issue invoices to CMC members Complete

1 Path Repair 5 The Courtyard

The repairs and maintenance carried out in 2023 [described under 'Finance and Budget Review 2024'] were noted.

Emily asked CMC to repair the path on communal land which provides access to their garden.

All agreed and Emily volunteered to organise the work.

ACTION 6 Emily to organise repairs to the path which provides access to their garden Complete

2

Bin Store 8 The Courtyard

The following issues were identified to address in 2024:

- Cleaning and painting of the wooden bin store around the bins in the courtyard car park.

Andy Keay and Simon Fraser offered to jet wash it and Ian Woodland offered to paint it.

ACTION 7	Andy Kaye and Simon Fraser to jet wash the wooden bin store in the courtyard car park and Ian Woodland to then paint it	Complete
----------	---	----------

3

Weed Control 1 The Courtyard

Weed control in courtyard and car parks – it was noted that this is a recurring issue and that CMC members should be encouraged to participate in cleaning and maintaining the site but it was also agreed that CMC should organise weed spraying in the Spring, and notify CMC members in advance.

ACTION 8	CMC to arrange spraying of the common areas in the courtyard and car parks in Spring 2025	Outstanding
----------	---	-------------

Mary Donnaghy [CMC Company Secretary] reminded CMC members that at present CMC charges £100.00 to cover the Deed of Covenant administration when properties are sold. Mary reported that the CMC usually receives a large number of queries from solicitors of potential buyers, the majority of which related to issues that should be answered by the sellers. CMC members were reminded that the CMC document library contains a sales information pack which sellers should use to address any queries from potential buyers, and the CMC should only be involved in queries related to its role (and charges).

SIP [Sellers Information Pack]: CMC Residents Library\CMC Sellers Information Pack [SIP]

CMC Questions & Answers: CMC Residents Library\CMC Sellers Information Pack [SIP]\03_CMC Questions & Answers.pdf

It was proposed that the CMC charge for administration when sales take place should be increased to £200 to cover three sale attempts, and increase by an extra £100 for each subsequent attempt. All present agreed.

ACTION 9	CMC administration charges for property sales to increase to £200, and an extra £100 for each sale attempt after the third	Complete
ACTION 10	CMC members to use the sellers information pack including the Questions & Answers.pdf to address queries from potential buyers. The CMC will only answer questions relating to its role	Complete

I can see an outstanding action from last year for some spraying and maintenance of the courtyard car park. It would be good to have someone come in a couple of times a year (March / Nov) to clear debris and jet wash the whole area and remove weeds / moss.

1 Farmhouse Communal Areas 12 The Courtyard

It was noted that there are again markings on the walls in the Farmhouse communal areas and the front door of the Farmhouse, and that the carpet is not being vacuumed often enough. The front door is also often left open on the latch, which can invalidate the Farmhouse insurance policies regarding potential claims for fire and theft.

It was also raised to remind the users of the communal areas that the two smoke alarms need to be tested on a monthly basis and recorded as being carried out [There is a signing sheet on the inside of the meter cupboard]. At this time this should be performed by those in untenanted properties in the Farmhouse, namely no's 11 and 13; This is not an onerous or a time consuming task.

ACTION 11	The users of the Farmhouse communal areas inside the Farmhouse are requested to take care to avoid marking the walls, and to not push the front door open/closed with their feet and also to arrange for more regular vacuuming and dusting	Complete
-----------	---	----------

ACTION 12	Both smoke alarms to be tested in the Farmhouse foyer [ground and 1st floor] once a month and recorded on the sheet in the meter cupboard. This should be completed by the untenanted properties in the Farmhouse that access the communal foyer. The CMC directors will also assist	Complete
-----------	--	----------

2 CMC Member Engagement 3 The Courtyard

The meeting attendees noted their disappointment with the low turnout at the CMC AGM and the general lack of interest in the efficient running of the site by CMC members who did not attend nor engage with the CMC in advance of the AGM.

ACTION 13	Encourage residents to take more active role	Complete
-----------	--	----------

Next AGM

Sunday 8 December 2024

CMC AGMs take place on the second Sunday of December each year.
