Hi Nicola,

Many thanks for your recent email.

I can confirm there are no material changes to the items specified in the Policy Schedule or the Statement of Facts and that the individual apartments continue to be occupied as follows:-

Unit 10 - Let on Shorthold Tenancy Agreement

Unit 12 - Owner Occupied

Unit 13 - Owner Occupied

Unit 14 - Let on Shorthold Tenancy Agreement

In addition I can also confirm that an inspection of the flat roof element of the Farmhouse roof was undertaken by a qualified builder in December 2025 and it was certified to be in a "sound waterproof condition."

In the circumstanced will you please arrange for renewal of the cover along similar lines with the sum assured reflecting annual index linking to account for inflation etc.

Your comment with regard to seeking a formal Rebuilding Cost Assessment is I think very valid. I will discuss this issue with the directors of CMC in the months ahead, with a view to having an assessment undertaken prior to renewal in 2027.

I hope the above covers the issues highlighted in your email and I look forward to receiving renewal quotations in due course.

Kind Regards.

Ian Morrison
