

CMC - The Courtyard Management Company (Rock Lane Farm) Ltd

26 July 2019

CMC Bio Filter Prohibited Substances

The bacteria in our bio-system are living organisms and can be killed off by poisonous substances, the recommendations are that *the following should be prevented from entering the system*

Cooking oil & fats

Large quantities of cleaning agents

Remains of medicines

Motor oil etc.

Nappies & feminine products

Cotton buds & balls

Condoms

Dental floss

Cat litter

Cigarette butts

Paper towels (as they do not break down like toilet paper)

Strong Bleach
